

Abstract Title	Authors	Organizations	Abstract number	Link
Building a SW program in a private hem/onc practice: Using the PHQ-9 as a starting point	Neshama Marcus, Shannon Woerner, Jake Canavan, Kanokrose Rattanaudom, John Papandrea, Ellen Ronnen	Astera Cancer Care, Willowglade Technologies Corporation	266	https://meetings.asco.org/abstracts-presentations/214299
Evaluating the effect of a scalable cancer-navigation program on total cost of care	Scott Worland, Margot Albin, Brian Dorsey, Kevin Fosnocht, Juan Gomez, Denise Johnstone, Alphan Kirayoglu, Edward Licitra, Ravi Parikh, Kush Sachdeva, Keith Thompson, Scott Voigt, Shannon Woerner, Robert Green	Thyme Care, New Jersey Cancer Care, Astera Cancer Care, University of Pennsylvania, Southern Onc/Hem Assoc	4	https://meetings.asco.org/abstracts-presentations/214201
Evaluation of initiatives including an EHR prompt (EP) and APP involvement to increase germline genetic testing compliance in a pancreatic cancer population	Rebecca Ronnen, Rachel Carroll, Lauren Kiley, Melissa Cruz-Tanner, Rosemary Montes, Sameer Desai	Astera Cancer Care	302	https://meetings.asco.org/abstracts-presentations/214500
Implementation of a scalable integrative oncology (IO) program in a large community oncology network	Mary Darden, B. Dudley, Anne Laura Reviere, Stephen Schleicher, L. Johnetta Blakely, Larry Bilbrey, Natalie Dickson	Tennessee Oncology	215	https://meetings.asco.org/abstracts-presentations/214478
Provider-led advance care planning in community oncology: A successful multidisciplinary quality improvement intervention	Sandhya Mudumbi, Leah Owens, Christy Schneider, Susan Frailley, John Arrowsmith, Pam Waddell, Kim Vanatta, Kathleen Murphy, L. Johnetta Blakely, Stephen Schleicher, Natalie Dickson, Larry Bilbrey	Tennessee Oncology	209	https://meetings.asco.org/abstracts-presentations/214589
Real-world use and clinical impact of electronic patient-reported outcomes (ePROs) in patients with solid tumors treated with immuno-oncology (IO) therapy	Natalie Dickson, Karen Beauchamp, Toni Perry, Ashley Roush, Deborah Goldschmidt, Marie Edwards, L. Johnetta Blakely	Tennessee Oncology, Bristol-Myers Squibb Research, Varian Medical Systems, Analysis Group, Inc	416	https://meetings.asco.org/abstracts-presentations/214548
Growth and scalability of a palliative care program in a large community oncology practice	Sandhya Mudumbi, Stephen Schleicher, Larry Bilbrey, Barton Sanders, Maribeth Bosshardt, L. Johnetta Blakely, Natalie Dickson	Tennessee Oncology	206	https://meetings.asco.org/abstracts-presentations/214577
Differences in the utilization of palliative care support services among patients with metastatic solid tumor cancer in a community oncology setting: A retrospective review	Chloe Weidenbaum, Larry Bilbrey, Natalie Dickson, Stephen Schleicher, Leah Owens, L. Johnetta Blakely, Susan Frailley, Melissa Scalise, Lee Cantrell, Sandhya Mudumbi	University of Tennessee Health Science Center, Tennessee Oncology PLLC., Tennessee Oncology, Vanderbilt University Department of Biochemistry	82	https://meetings.asco.org/abstracts-presentations/214342

Utilizing data and artificial intelligence to optimize treatment room scheduling and staffing	Larry Bilbrey, Harshavardhana Paramasiviah, Shridar Iyengar, Bhaskar Anepu, Susan Frailley, Stephen Schleicher, Ram Iyengar, Natalie Dickson	Tennessee Oncology	436	https://meetings.asco.org/abstracts-presentations/214563
Implementation of a telemedicine-based genetic counseling program in a large community oncology practice	Smita Rao, L. Johnetta Blakely, Kate Small, Stephen Schleicher, Natalie Dickson	GeneXsure LLC, Tennessee Oncology	393	https://meetings.asco.org/abstracts-presentations/214597
Implementation of a virtual, on-demand, molecular tumor board at a large, multi-clinic, community oncology practice	Andrew McKenzie, Carissa Jones, Emma Sturgill, Mary Capps, Larry Bilbrey, David Spigel, Meredith McKean, Stephen Schleicher	Sarah Cannon Research Institute and Tennessee Oncology	96	https://meetings.asco.org/abstracts-presentations/214328
ONE Liver: A unique, multidisciplinary virtual tool for prospective review of complex liver tumors	Casey Chollet-Lipscomb, Patrick Wolf, Matthew Bernhard, Kelsey Maduell, Stacey Davidson, Larry Bilbrey, Stephen Schleicher	Tennessee Oncology, The Surgical Clinic, Premier Radiology, Ascension St. Thomas	59	https://meetings.asco.org/abstracts-presentations/214346
A mixed-methods study to identify key priorities around improving team-based care coordination for patients receiving combination IV and oral systemic anti-cancer therapy	Kirollos Hanna, Elana Plotkin, Ray Page, Lisa Kottschade, Billie Baldwin, Martha Raymond, Mary Anderson, Kathy Oubre, Laura Wood, Joseph Kim, Leigh Boehmer	Mayo Clinic School of Medicine, Association of Community Cancer Centers, The Center for Cancer and Blood Disorders, Mayo Clinic, MedStar Franklin Square Medical Center, Raymond Foundation, Norton Healthcare, Pontchartrain Hematology Oncology, Taussig Cancer Institute, Xaf Solutions	52	https://meetings.asco.org/abstracts-presentations/214235
Best practices in achieving patient diversity in oncology clinical trials	Andrea Curry, Gregory Vidal, Judith Greener	West Cancer Center and Research Institute, Inside Edge Consulting Group	87	https://meetings.asco.org/abstracts-presentations/214263
Expert consensus recommendations for managing hyperglycemia and rash in patients with PIK3CA-mutated, hormone receptor-positive (HR+), human epidermal growth factor receptor 2-negative (HER2-) advanced breast cancer (ABC) treated with alpelisib (ALP)	Emily Gallagher, Heather Moore, Mario Lacouture, Susan Dent, Azeez Farooki, Marcus Goncalves, Claudine Isaacs, Abigail Johnston, Dejan Juric, Zoe Quandt, Laura Spring, Brian Berman, Melanie Decker, Gabriel Hortobagyi, Benjamin Kaffenberger, Bernice Kwong, Timothy Pluard, Ruta Rao, Lee Schwartzberg, Michael Broder	Icahn School of Medicine at Mount Sinai Hospital, Duke Cancer Institute, Duke University, Memorial Sloan Kettering Cancer Center, Weill Department of Medicine, Weill Cornell Medicine, Lombardi Comprehensive Cancer Center, Georgetown University, Surviving Breast Cancer, 305 Pink Pack, Massachusetts General Hospital Cancer Center, Department of Medicine, Harvard Medical School, School of Medicine, University of California, Center for Clinical and Cosmetic Research, Woodland Memorial Hospital and Kaiser Permanente, Department of Breast Medical Oncology, MD Anderson Cancer Center, Wexner Medical Center, Ohio State University, Stanford University, St. Luke's Hospital Koontz Center for Advanced Breast Cancer, Rush Hematology, Oncology and Cell Therapy, Rush University Medical Center, West Cancer Center and Research Institute, Partnership for Health Analytic Research, LLC	422	https://meetings.asco.org/abstracts-presentations/214519
