

Abstract Title	Authors	Organizations	Abstract number
Enhancing Precision Medicine testing process in a Breast Cancer population of a Community Oncology Practice: Use of Oncology Patient Navigators (OPN) and a Molecular Processing Team (MPT) to Improve Germline Testing.	Melissas Cruz, LPN, OPN-CG	Astera Cancer Care	429416
Using an electronic capture geriatric assessment to guide rehabilitation triage for adults with cancer during systemic therapy.	Ellen Ronnen, MD	Astera Cancer Care	429146
Provider Messaging for Precision Treatment (ProMPT): A notification Pilot to Inform Actionable Genomic Findings.	Neha Jain, Ph.D.	OneOncology	448 Poster Bd #: K6
Burden of myelosuppression in extensive-stage small-cell lung cancer patients receiving chemotherapy: Retrospective analysis of real-world data from Tennessee Oncology.	L. Johnetta Blakely, MD, MMHC, MS	Tennessee Oncology	364 Poster Bd #: F21
Trend in breakdown of total cost of care for medical oncology over time: Learnings from the Oncology Care Model and implications for future oncology value-based care.	Leah Owens, DNP, OCN, RN	Tennessee Oncology	69 Poster Bd #: C22
Virtual easy-to-access hematology tumor boards: Scaling disease expertise across multiple sites of care across urban and rural Tennessee.	Kimberly Senneke	Tennessee Oncology	570 Poster Bd #: M17
BE-A-PAL: Behavioral economics and automated analytics to improve palliative care among patients with advanced cancer.	Sandhya Mudumbi, MD	Tennessee Oncology	268 Poster Bd #: J3
CHIPping in: Clonal hematopoiesis clinics in community oncology.	Ashley Wyse, NP-C	Tennessee Oncology	499 Poster Bd #: L25

Heterogeneity in costs of standard-of-care drug regimens within high volume Enhancing Oncology Model disease groups: Implications for performance risk outside of a provider's control.	Katherine Baker MD, MMHC	Tennessee Oncology	70 Poster Bd #: C23
The State of Professional Wellbeing and Satisfaction Among US Oncologists.	Ray Page, DO, PhD, FACOI, FASCO	The Center For Cancer and Blood Disorders, Fort Worth Texas	427842
The state of workforce retention among US oncologists.	Ray Page, DO, PhD, FACOI, FASCO	The Center For Cancer and Blood Disorders, Fort Worth Texas	427840
